> Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life fissif—is constantly producing waste matter the kidneys must remove from the blood if good heath is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dixtriness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out.

Sacrificial Service Exempli-Following Jesus in discipleship is more than speaking sweet words of devotion or of taking part in the carrying out of some public wor-ship ministry. To really follow Him is to "follow one whose vocation is such that there are incessant demands compelling the renunciation of home and the comforts of a settled life. Only the call of God can make one equal to the demands of

such a hazardous life" (Edward E. Observe that even the demands which love may present on behalf of an aged father must not be perand his Lord. There is no though of unkindness or lack of considera tion here, for as our Lord points out, those who are spiritually dead, although still physically alive, may well be called on to care for the physical needs of an aged parent, even in the hour of death, if the Lord Jesus has work for His disciple

to do elsewhere. There is no thought of neglect of the duties of life, but rather of a placing of the Lord first, whatever else may take the second place The blight upon many a Christian experience is that almost anything else which is of interest is allowed o take first place and the Lord must take second place if He is given any place at all. III. Divine Power Demonstrated

(vv. 23-27).

There are those in the world who are unable to see the workings of God's power in the spiritual realm because they themselves have not been spiritually born again (I Cor. 2:14). For these the Lord here presented the working of His mighty power in the realm of nature. Satan, who is "the prince of this world" (John (14:30) had evidently whipped the waves of the sea into a mighty storm, possibly thus hop-ing to drown Jesus and get rid of his divine adversary, but the Lord Himself speaks in the majesty of His eternal power and we read that 'there was a great calm" (v. 26). Even His disciples were strangely astonished that the very "winds and the sea obey Him." Yes, the forces of nature respond to His slightest word. The winds and the sea obey Him. But what is even more wonderful is that the turmoil of a man's soul becomes a great and blessed calm when this holy Lord Jesus speaks the word of

Confused and troubled man or woman who reads these words, will you not now by faith submit yourself to the One who can speak to you, who can meet and satisfy every one of your needs, and who can sacrificial service on His behalf in a needy world?.

teamwork of a charging line, blocking backs and a driving ball carrier.

In everyday life, the state watches intently from the sidelines as Alabama's aggressive ABC Board drives ahead towards its goal of elimination of any undesirable conditions in retail beer outlets. Running interference in this drive we find public opinion, public officials, and the beer industry itself as represented by their committee. That's teamwork, too!

Mark Twain Said!

Mark Twain once was asked: "Of all your books, which do you consider the best?"

He promptly replied: "My bank book." The man or woman, boy or girl, who earns something and spends less, and has a savings passbook on this bank, is on the road to success. Have you started your savings account yet? Today would be a fine time to start.
